Thank You for a Job Well Done!

“I am part of the best agency in the world.”

David Schuster

Meredith Smith, JCL Board President, greeted the crowd of 150 by sharing David Schuster’s thoughts at the opening of our “best ever” JCL Employee Recognition Celebration.

Your gifts ensures this great day takes place. JCL employees do a difficult job for JCL. Exceeding all our expectations, we sincerely want to recognize and show our appreciation for their success.

The dedication of our employees fuels our success 24/7! Their ongoing enthusiasm and high code of ethics ensure the daily lives of the men and women we serve are “the best.”

JCL would not be the agency it is today without every one of us doing our part in creating the loving, caring and dedicated agency we are today.

You, JCL employees, volunteer Board members, family members and our community — all contribute to our success. **For that, we can never truly express our gratitude.**

This year’s dinner could only be described as a **“love fest”** with 12 employees, including 4 supervisors, being honored for their tenure with JCL. There was no end to the hugs and laughter!

“The care my brother gets just boggles my mind. I never really have to think about his well-being because I know you are doing a fantastic job.”

This quote is from a JCL family member in response to our 2016 Family Survey. It demonstrates a common theme across many responses.

We all do our part on behalf of the adults we serve. However, JCL employees do their part day-in and day-out — with every smile ... every “Good Morning” that starts the day and every “Good Night” that ends it.

Thank you for all you do!
